

**Lee Conservation Commission Minutes**  
**Wednesday, September 27, 2023**  
**Easement Monitoring at 22 Cartland Road**

**Present:** Dave Shay, Catherine Fisher, Dawn Genes, Anne Tappan

Members made the annual visit to walk the boundaries and determined that the easement is in good standing. Members present also met with owner Kelly Perkins about their proposal to host several weddings (4-5) on the farm from June to October. The logistics for this proposal were discussed to see where any easement land would be used for this purpose. Owner Perkins was told that the Conservation Commission would take the proposal under consideration and make a determination at a later date.

Respectfully submitted,

Dawn Genes
