### •Town Vote / Election Day

The Town Center Vision Committee (TCVC) has been collecting questions asked by the public about the Town Center Project. Over the coming weeks before the March vote on the project, the Committee will be publishing them with the answers in the E-Crier. This week's frequently asked questions (FAQ) are:

Q: Will the buildings look like they do in the architect's renderings?

A: The exterior of the buildings will be in keeping with other buildings at the town center, such as the Town Hall and the Public Library. Specifically, the buildings will feature white clapboard and divided windows.

Q: Has anyone explored utilizing the church house that is now on Town property? Where does the money come from to demolish what appears to be a viable structure?

A: There is an effort to put the Parish House to new use, including Ballot Article 16 on the 2019 ballot, which would give the Heritage Commission more time to pursue plans for the Parish House.

Demolition costs were included in Ballot Article 5 approved in March 2018 with money to come from the unassigned fund balance.

### NH State Historic Register Plaques

In 2018 the Lee Heritage Commission successfully worked to add several buildings on the town-owned land next door to the old Parish House to the State Register of Historic Places, including the 1846 Town Hall, 1915 Town Tool Shed with Tramp Room, and 1874 Lee Historical Society building (former South Lee Freight House). Also on site is the former 1897 Center School which is part of the Lee Library building. Clearly, the idea of preserving town buildings, while re-developing an identifiable “Town Center” is a goal that has been shared by many Lee residents for quite a few years now. In order to help Lee residents and visitors identify these historic buildings, the Lee Heritage Commission has recently designed historic markers to place on buildings in town that have been placed on the NH States Register of Historic Places, both those owned by the Town and those that are privately owned. The plaques will be placed on these buildings in the spring.

## WHEN SECONDS COUNT...

Can the Police, Fire, or Ambulance find your home when you need them for assistance with an emergency? Can they find it at night? Can they find it during a snowstorm?

Having your name and number on a mailbox is just not enough. Some mailboxes are clustered together. The numbers are small and the location may not mark the entrance to your driveway.

The Lee Firemen's Association, in a joint effort with the Lee Fire Department, has started a program to install reflective house number signs at driveway entrances to assist all emergency responders in locating your home in a time of need. The cost for each sign with a post is \$30.00 and it will be installed by the Lee Firemen's Association.

**Please take the time NOW to SAVE TIME in an EMERGENCY**  
[CLICK HERE](#) for Reflective House Number Sign Request form

## POLICE NOTICE

In a follow up to the request that residents properly number their homes, [CLICK HERE](#) for the Ordinance that applies. The Lee Police will be compiling a list of homes that are not complying with this ordinance and make contact with the homeowners in hopes of getting everyone in compliance which will make it easier to locate a residence in times of an emergency.

## SCAM! SCAM! SCAM!

**Please do not become a victim. WHEN IN DOUBT, DON'T GIVE IT OUT.**

An old scam has resurfaced. Residents are being contacted by "Publisher's Clearing House" about having won the jackpot. The stipulation is that the resident must pay \$7,500 in advance. This is a scam. You will never have to pre-pay the "FDIC" for your winnings.

## IMPERSONATION OF A SOCIAL SECURITY ADMINISTRATION EMPLOYEE

We sometimes receive reports where individuals have been contacted by someone pretending to be an SSA employee. The intent of this type of call is to steal your identity and/or money from your bank accounts. The caller generally asks you for personal information such as your Social Security number, date of birth, your mother's maiden name, or your bank or financial account information. The impersonator may state that "the SSA computers are down" or may refer to enrollment in the Medicare prescription drug program. It is possible that an SSA employee may contact you to follow-up on a previous application for SSA/Medicare Part D benefits or to follow-up on other business you initiated with SSA. If you are unsure as to the authenticity of someone who claims to be an SSA employee, please call SSA's toll-free number, 1-800-772-1213, to verify the reason for the contact and the person's identity prior to providing any information to the caller.

If you wish to report a call from someone you suspect is impersonating an SSA employee, please provide us with the following details:

Caller's alleged name, telephone number, time and date the call was made, information requested by the caller and any other identifying information or details about the content of the call. Please note that there are also "robocalls" from people claiming to be from the Social Security Administration.
