TIMELY TOPICS FOR WINTER

With winter approaching your fire department would like to remind everyone to consider these recommended safety practices so that everyone can have a safe and happy holiday season.

- Artificial Christmas trees are recommended but if you prefer a live tree, keep it watered and check it daily for dryness. If the needles easily fall off or turn brown, we recommend removing the tree from the residence to prevent a fire. [CLICK HERE](#) for **Christmas Tree Safety Tips**
- Inspect all strands of lights before decorating your tree and discard any lights that are damaged or show signs of wear. Do not overload electrical outlets with plugs and limit use of extension cords. [CLICK HERE](#) for more **Winter Holiday Safety Tips**
- If you burn wood in your home, have chimneys inspected and cleaned yearly to prevent chimney fires. When burning wood do not burn wood that is green or unseasoned. [CLICK HERE](#) for more **Heating Safety Tips**
- Have furnace cleaned and serviced yearly especially if it burns oil, Kerosene or a blend.
- Clear snow from all outside vents and gas meters.
- Carbon Monoxide detectors are recommended on each floor of the residence especially in the hallway outside any bedroom areas. Test them weekly and make sure they have good batteries in them. [CLICK HERE](#) for more on **CO Safety**
- Clear snow from all exterior exits to allow for quick evacuation in the event of an emergency.

WHEN SECONDS COUNT...

Can the Police, Fire, or Ambulance find your home when you need them for assistance with an emergency? Can they find it at night? Can they find it during a snowstorm?

Having your name and number on a mailbox is just not enough. Some mailboxes are clustered together. The numbers are small and the location may not mark the entrance to your driveway.

The Lee Firemen's Association, in a joint effort with the Lee Fire Department, has started a program to install reflective house number signs at driveway entrances to assist all emergency responders in locating your home in a time of need. The cost for each sign with a post is \$30.00 and it will be installed by the Lee Firemen's Association.

Please take the time NOW to SAVE TIME in an EMERGENCY

POLICE NOTICE

In a follow up to the request that residents properly number their homes, [CLICK HERE](#) for the Ordinance that applies. The Lee Police will be compiling a list of homes that are not complying with this ordinance and make contact with the homeowners in hopes of getting everyone in compliance which will make it easier to locate a residence in times of an emergency.

SCAM! SCAM! SCAM!

Please do not become a victim. WHEN IN DOUBT, DON'T GIVE IT OUT.

An old scam has resurfaced. Residents are being contacted by "Publisher's Clearing House" about having won the jackpot. The stipulation is that the resident must pay \$7,500 in advance. This is a scam. You will never have to pre-pay the "FDIC" for your winnings.

IMPERSONATION OF A SOCIAL SECURITY ADMINISTRATION EMPLOYEE

We sometimes receive reports where individuals have been contacted by someone pretending to be an SSA employee. The intent of this type of call is to steal your identity and/or money from your bank accounts. The caller generally asks you for personal information such as your Social Security number, date of birth, your mother's maiden name, or your bank or financial account information. The impersonator may state that "the SSA computers are down" or may refer to enrollment in the Medicare prescription drug program. It is possible that an SSA employee may contact you to follow-up on a previous application for SSA/Medicare Part D benefits or to follow-up on other business you initiated with SSA. If you are unsure as to the authenticity of someone who claims to be an SSA employee, please call SSA's toll-free number, 1-800-772-1213, to verify the reason for the contact and the person's identity prior to providing any information to the caller.

If you wish to report a call from someone you suspect is impersonating an SSA employee, please provide us with the following details:

Caller's alleged name, telephone number, time and date the call was made, information requested by the caller and any other identifying information or details about the content of the call. Please note that there are also "robocalls" from people claiming to be from the Social Security Administration.

The Lee Hill Cemetery is closed for the winter.
The cemetery may be accessed by foot
through the open gate.
