## SNOW CASTING NOTICE

The Town has been experiencing more and more issues with snow casting. The road crews have been working very hard to keep our roads clear only to have some residents plow, snow blow or shovel snow back onto the roads. The Town has posted this numerous times on Facebook and in the E-Crier along with issuing warnings but to no avail! The Police Department will be issuing fines from this point forward. Please see the Snow Casting Ordinance below:

### SNOW CASTING ORDINANCE

The following ordinance is adopted by the Board of Selectmen pursuant to authority granted under RSA 31:39.

1. Be it hereby ordained that **NO PERSON** shall throw or allow to be thrown, cast, placed or deposited any snow or ice into or upon the plowed portion of any street, sidewalk or public way in the Town of Lee, it being the intent and purpose of this ordinance to prohibit all persons from throwing, casting, placing or depositing snow and ice in such manner as to become a hazard to vehicular or pedestrian traffic.
2. In the event that a contractor is hired for snow removal and is not present at the time of the violation, the home owner, landlord or lessee shall be held responsible.
3. Any violation of this ordinance shall be punishable by a fine of up to **(\$100.00)** one hundred dollars.

## One Bin at a Time – Glass

Talking trash with Jen Messeder, LSC member

At its most basic, glass is melted sand. We can make it, but so can nature – obsidian is volcanic glass and “frozen lightning” (fulgurites) can be the result when lightning hits a sandy beach.

Pretty cool!

Like metal, recycling glass is as simple as melting it down and making something else. And this recycling can go on indefinitely with no loss of quality. It costs us a bit to recycle glass, but it’s cheaper to recycle it than to toss it into a landfill, so recycling glass is a cost-reducer.

Glass can also be crushed back down to sand size and mixed into the sand used on roads in the winter – true recycling! Here’s the scoop on recycling glass in Lee.

YES, please!	
<p>Examples:</p> <ul style="list-style-type: none"> <li>• Bottles</li> <li>• Jars</li> <li>• Window panes (no frames)</li> <li>• Ceramic and porcelain items (mugs, plates, ... as long as there’s no metal on/in them)</li> </ul> <p>Toilets <b><u>cannot</u></b> go in with the glass!</p> <p>The new chute allows for small items to pass safely to the bin. For larger items, ask an attendant.</p>	
NOT HERE (but maybe in another bin)	
<ul style="list-style-type: none"> <li>• CFL light bulbs – there’s a table up by the office with lots of buckets on it. One of those buckets is for CFLs.</li> <li>• Fluorescent tube light bulbs – there’s a barrel near the exit for these.</li> <li>• Incandescent light bulbs – these are trash.</li> <li>• Pyrex</li> <li>• Mirrors</li> <li>• Car headlights and windshields</li> <li>• Plastic caps (trash) and metal caps (small bucket by the aluminum and steel cans)</li> </ul>

**IT'S THAT TIME OF YEAR AGAIN!**  
**BARRY CONSERVATION CAMP SPONSORSHIP APPLICATION STARTING NOW!**

The Lee Conservation Commission is once again sponsoring a campership for a Lee youngster, who must be at least 10 years old. The camper will go to Barry Conservation Camp, which is located in Berlin, NH in the White Mountain National Forest. The camp is operated by UNH Cooperative Extension 4-H in conjunction with the N.H. Fish and Game Department. As their brochure states, "Campers learn responsible use of firearms safe hunting practices, environmental awareness, conservation principles and an appreciation for the beautiful state we live in. There is swimming and canoeing, as well as group activities that encourage teamwork."

Lee youngsters, ages 10 and up, are eligible for this campership. (The Hunter Safety and Certification Program requires that they be 12 years and older.) For further information, please call Laura Gund, 659-2044, or e-mail at [walgrove@comcast.net](mailto:walgrove@comcast.net). It's important to apply as soon as possible as spaces fill up fast. The Conservation Commission must notify the camp by February 3, 2020 with the name, age and gender of the Lee camper we will be sponsoring, along with the session they wish to attend. No requests will be accepted after February 3<sup>rd</sup>.

## TIMELY TOPICS FOR THE WINTER SEASON

The Lee Fire and Rescue Department would like to remind you of a few winter safety tips.

- If using live Christmas trees in your homes keep them watered. If the tree dries out and needles begin to fall from your tree, promptly remove tree from your home to prevent fires. Check all lights to make sure that they are UL listed and are functioning properly before decorating tree. Inspect lights and wires for damage and do not use if damaged. Do not place live trees in close proximity to heating appliances such as heaters, wood stoves, pellet stoves or fire places. Do not place tree over any floor heating vents as it will dry the tree out faster.
- Use caution while cooking holiday meals. Keep a charged dry chemical extinguisher on hand for any potential oven or stove fires. If using a deep fryer for your turkey make sure you remove all excess water from the turkey before placing in the heated oil. Use the deep fryer at a safe distance from all structures and have a dry chemical fire extinguisher on hand in case of fire.
- Keep all exits from your home and business clear of snow and ice. Clear paths from exits for easy egress in case of fire.
- Keep all heating vents and gas regulators clear of snow and ice.
- Make sure there is a carbon monoxide detector on each floor of your home and business especially in the area outside of sleeping areas.

Happy Holidays from all of us at Lee Fire & Rescue!

### WHEN SECONDS COUNT...

Can the Police, Fire, or Ambulance find your home when you need them for assistance with an emergency? Can they find it at night? Can they find it during a snowstorm?

Having your name and number on a mailbox is just not enough. Some mailboxes are clustered together. The numbers are small and the location may not mark the entrance to your driveway.

The Lee Firemen's Association, in a joint effort with the Lee Fire Department, has a program to install reflective house number signs at driveway entrances to assist all emergency responders in locating your home in a time of need. The cost for each sign with a post is \$30.00 and it will be installed by the Lee Firemen's Association.

**Please take the time NOW to SAVE TIME in an EMERGENCY**

OFFICE OF THE SUPERINTENDENT  
36 Coe Drive  
Durham, New Hampshire 03824  
Telephone: 603-868-5100 Facsimile # 603-868-6668

To all interested parties,

I've been asked to inform you that a Citizen's Committee has been formed to promote the passage of the proposed new middle school: "ORMS--Go Vote."

This committee has been established to advocate and raise money to promote the passage of the proposed middle school bond, something that the school district cannot do.

In March 2020, The Oyster River Cooperative School District will be proposing Warrant Article #3 for a \$49,842,732 million dollar bond for a new middle school. As many know the current middle school opened in 1936, has served the district well, and is beyond repair.

ORMS - - Go Vote is independent of the school district and can be reached at [f.wolff@comcast.net](mailto:f.wolff@comcast.net) (Treasurer) [juliesreece@gmail.com](mailto:juliesreece@gmail.com) (Chair).

Thank you.

Dr. James C. Morse, Sr.

### SCHOOL BOARD NEWS December 4, 2019

On December 4 the Board held an abbreviated meeting devoted to a report from Lisa Allison, the Chair of the Long-Range Planning Committee, which makes projections on school enrollments. The Committee predicts that enrollment will decline gradually over the next 10 years, from the current figure of 2173 to 1915 in 2029-30. Ms. Allison affirmed that the proposed new middle school would not exceed the 700 students it is planned for, even in the top range of the prediction. The full report is available on the district website:

[http://www.orcsd.org/UserFiles/Servers/Server\\_538005/File/School%20Board/Board%20Appointed%20Committees/Long%20Range%20Planning/LRPC%20Report%20December%202019.pdf](http://www.orcsd.org/UserFiles/Servers/Server_538005/File/School%20Board/Board%20Appointed%20Committees/Long%20Range%20Planning/LRPC%20Report%20December%202019.pdf)

The rest of the meeting was devoted to a workshop in which the board explored various options that would moderate tax rate increases, should the middle school bond pass.

### NHES Operation VET Connect

Operation VETS Connect is a challenge to connect those who served and those who are serving and their spouses to employment, training and services they need to return to employment or into training to assist them with obtaining employment. Additional goals are to build an employer's awareness of the benefits to hiring those who served along with the awareness for those who served of the skills they have or need to build on to return to employment.

Employers are asked to register for the challenge by completing the registration form on the website under Job Fairs. (<http://www.nhes.nh.gov/media/job-fairs/index.htm>) The information from their registration form will be entered into a spreadsheet by Operations staff and made available to the offices. The employer name, industry, and town/city will also be listed on the website weekly. ESRs and LVERs should verify that the employer is registered in JMS and if appropriate, contact the employer to advise of the services available to them, including RTW and OJT.

Veterans, those currently serving and their spouses are also asked to complete a registration form on the website under Job Fairs. (<http://www.nhes.nh.gov/media/job-fairs/index.htm>) Their information will be entered into a separate spreadsheet and distributed to the office nearest their homes.
