## HERE'S ANOTHER SUCCESSFUL FISHING DERBY AT THE STEVENS FARM!

Thanks to the generosity of the Stevens family, fun was the word of the day for Lee kids on Saturday, May 7<sup>th</sup>.

It took Tasheena Durant little more than two minutes to land the first fish of the day -- a 9 ¼ inch, 4-ounce trout – at the 28<sup>th</sup> Annual Lee Fishing Derby. While many of the trout stocked in the Little River got away, about 100 fish met a different fate.

Kids ranging from 18 months to 15 years old enjoyed an exciting morning of casting, jigging and landing massive trout and a shiner or two. Declan Hardy caught the biggest fish during the contest – a 15 inch, 21 ½ ounce rainbow – though one 4 year old contested that, claiming his own trout was three feet long and weighed four pounds.

For some parents it was Deja vu all over as they untangled lines and told their kids about their own adventures at past derbies, and grandparents snapped photos from every angle. It was all in for the Lee police, firefighters and ambulance crews, too, who shared in the fun. Corporal Cole deputized Lee youth, awarding them badges to proudly show off; EMTs stood ready as kids explored every nook and cranny of the ambulance; firefighters grilled hot dogs and trout for the hungry anglers.

## TRAILS COMMITTEE AND VOLUNTEERS AT WORK AGAIN!

The Trails Committee had a great workday last Saturday at Little River Park and Maud Jones Memorial Forest: freshly painted blazes, new trail signs, QR codes up and working, and a good time had by all! Thank you to all the volunteers who helped out!

Join us Saturday, **May 14**, 10am-1pm, trail work in the Town Forest - blazing, trimming, opening up a new trail - lots to do! We need your help!

The Trails Committee is putting together a Bridge Brigade! Are you interested in learning how to build hiking footbridges? Do you have skills and want to help out?

### Little River Trail Bridges (2)

Saturday, June 4<sup>th</sup>, 9am - 12pm, help move wood to bridge location on Little River Trail

June 6<sup>th</sup>-8<sup>th</sup>, help build 2 bridges on the Little River Trail (TBD)

### Town Forest Bridge #4 Completion

Saturday, June 25<sup>th</sup>, 9am - 12pm, help move wood to bridge location

June 27<sup>th</sup>-29<sup>th</sup>, help build the 24' bridge (TBD)

## SUPERVISORS OF THE CHECKLIST WORK SESSION

Friday, May 20, 2022 9:00 am

Lee Town Offices

To approve changes to the official Lee checklist

State Primary Election Day is September 13, 2022. **The last day for registered voters to change or declare a party affiliation is May 31, 2022.** Please check to make sure you are registered in your party of choice or undeclared by following this link: <https://app.sos.nh.gov/voterinformation>

Undeclared voters are required to choose a Democratic or Republican ballot when they go to vote at the primary. You then become a registered member of that party unless you sign a list to return to undeclared status with the supervisors of the checklist before leaving the polling place.

You may change your party affiliation with the Lee Town Clerk, or at any scheduled meeting of the supervisors of the checklist except for during the period of time between the first day of the filing period for the primary election (June 1) and the date of the primary election itself (September 13). The Lee Town Clerk's Office is open Monday, 8am - 6pm and Wednesday and Friday 8am - 4pm. **The Supervisors of the Checklist will be holding a session on Tuesday, May 31, 2022 from 7:00pm to 7:30pm in the lobby of the Lee Town Offices, 249 Calef Highway.** New applicants for voter registration after May 31 may declare a party when they register.

**As always, applicants for voter registration who possess proof of identity, age (18 years of age), citizenship, and domicile in Lee should bring that proof when they come to register.** Driver's license and passport or birth certificate are helpful. Qualified applicants who do not possess proof or who do not bring proof with them may still register if they sign an affidavit attesting to their qualifications for identity, age, citizenship, and/or domicile.

---

Come join the Lee Police Department and the Lee Recreation Department on  
Thursday June 16<sup>th</sup> from 5:00pm-8:00pm at Little River Park for:

### LEE FAMILY NIGHT AT THE PARK

We will have a child bike course set up

Philbrick's Bike shop will be there for bike and helmet inspections

We will have a raffle for bike helmets

There will be coloring pages and more!

We will even have child seat inspections!

## CHRISTMAS FERN: NEW FRONDS IN THE ARMS OF THE OLD

By Catherine Fisher, Conservation Commission

Christmas fern, *Polystichum acrostichoides*, is one of five regional fern species that remain green year-round. As is the case with other forest floor evergreens, whenever temperatures are mild, no matter what the season, this fern's leaflets are busy photosynthesizing. Unlike other forest floor evergreens, Christmas fern's leaves live for just one year. When its fiddleheads emerge and uncoil in the spring, last year's leaves will turn brown and die.

A Christmas fern typically produces about twenty pinnate leaves, or fronds, which are broadest at their midpoint. Each dark green, leathery frond will have 20-40 lance-shaped leaflets, called pinnae, which are paired on either side of the frond's stem (rachis). Leaflets are shiny and, on the underside, somewhat hairy, giving their margins a spiny appearance, as can be seen in photographs of both newly uncoiled pinnae and the (faintly) in the closeup of last year's pinnae.

It has been suggested that the species' common name stems, in part, from the fact that it is a large-leaved plant that remains green in winter, a characteristic that led to it once being used as decorative greenery during the Yuletide season. Others suggest the name derives from the leaflets' resemblance to Christmas stockings, or Santa's sleigh, or mittens (albeit, mittens made for someone with very short thumbs and very long fingers...). However, the name originated, it is indeed the largest-leaved non-coniferous winter evergreen on the forest floor and a welcome sight during a walk in the woods, whatever the season.

Christmas fern is a handsome plant throughout the year, with graceful, arching fronds that seem to glow from the shadowy forest floor. Well-drained, forested slopes are favored by this species, and when conditions are favorable, Christmas fern will often form dense colonies, whose upright fronds resemble lush, green fountains. The fronds remain erect throughout the growing season and well into the fall - past the time when their forest's deciduous trees shed their leaves. Only after the first hard frost, do the fern's rachis relax and lay their fronds atop the year's newly fallen leaves. This not only prevents the still-photosynthesizing fronds from being buried beneath countless fallen leaves, but it enables the fern to trap the fallen leaves beneath its prostrate fronds, providing an insulating layer that will slowly break down and add to the humus layer surrounding the plant.

Throughout the winter, resting upon their mattress of fallen leaves, throughout the winter, the fronds are well situated to continue their work of providing for their fern. Here on the forest floor, where temperatures are warmest and desiccating winds less severe, the fern is able to continue photosynthesizing whenever temperatures are above freezing. With their light undercoating of furry scales providing additional protection, and with no canopy intercepting the sunlight reaching them, the fern's leaflets are able to chug along, happily capturing winter's plentiful sunlight to manufacture sugars that will be stored in the roots.

Those sugars will be put to good use in the spring, when the fern's fiddleheads emerge. Furred with silvery scales, they rise from the protective nest created by last year's leaves. Those leaves, still green, continue working until the very end, providing the tender fiddleheads with the energy they need to rise and uncoil.

This uncoiling may take a week or more. In every direction, like acrobats or dancers, the fiddleheads stretch, bend and unwind. Spread beneath them, like the lacy panels of a deep green gown, are the fronds that made this dance possible, and when the dance is

done, so are they. As the new fronds race towards the light, the chlorophyll in last year's leaves degrades. Nitrogen, the main component of chlorophyll, is recycled to be used by the new fronds. What remains of the old fronds' wonderful photosynthesizing machinery breaks down, leaving the fronds brittle and brown. Within a few weeks, they are dead. For part of the new growing season, they will continue to hold last fall's nest of leaves around the plant, helping to keep the surrounding soil moist. By summer's end, they will have disappeared entirely, their organic matter added to the umus built up by the generations of fronds that preceded them, providing nutrients for the generations to come.

## SCHOOL BOARD NEWS – MAY 4, 2022

This week is Teacher Appreciation Week! Thank you to all who teach our students in Oyster River! And thanks to the PTO leaders and volunteers who went the extra mile to show appreciation this week!

The School Board and Superintendent commended the work of Oyster River school nurses throughout the pandemic. While all school staff have gone above and beyond, school nurses worked tirelessly to ensure they stayed current on (often conflicting) state and federal guidance and worked to apply best practices when working with each student, family, and staff member. This outstanding group of dedicated professionals continues to provide excellent service to the Oyster River school community.

School Start and End times for the 2022-2023 school year were approved by the School Board and will be slightly different from this year. For 2022-2023, the elementary academic day will be 9:15-3:25. The middle and high school academic day will be 8:15-3:00.

There is no school for students in Oyster River on May 27<sup>th</sup> and May 30<sup>th</sup> due to a teacher workshop and Memorial Day.

ORCSD School Board meeting materials are posted online at [https://www.orcsd.org/school\\_board/agendas\\_and\\_minutes](https://www.orcsd.org/school_board/agendas_and_minutes) with links to videos when available. The best way to directly contact the entire school board is to email [orcsdsb@orcsd.org](mailto:orcsdsb@orcsd.org) or individual school board members.

## MOHARIMET SCHOOL IS LOOKING FOR COMMUNITY HELP

The Moharimet community is looking for people to lead or co-lead small groups during our **Day of the Artist** celebration on June 2<sup>nd</sup>. They hope to offer a wide range of artistic experiences for the students to enjoy through small-group sessions throughout the day. The goal is for children to feel what it's like to create art or express themselves artistically. The emphasis will be on fun and learning and not on the perfection of the finished product.

Past celebrations have included sessions on: coil clay pots, watercolor painting, whittling, soap carving, potato stamp making, origami, and drumming. High-level experience from group leaders is not necessary, but a desire to help children in your community learn is a definite plus. If you've ever wanted to share your love of art, here is your chance.

Interested in participating? Please contact the Moharimet front office (603)742-2900 and be prepared to give: your name, contact information, a description of the art you would like to share, grade levels most likely to benefit from your program, size of group you would be able to accommodate AND your hours of availability during the Day of the Artist.

### What is the Plant A Row Program?

During the pandemic and beyond, more Granite staters are facing food insecurity. Most significantly, access to fresh and healthy, local produce. Plant A Row is a neighbors-helping-neighbors initiative, organized through 4-H and UNH Cooperative Extension in Strafford and Rockingham County.

The idea behind this effort is simple: Planting an extra row in your garden or an extra container and donating the produce from it to a participating food pantry or a neighbor in need will directly benefit local food pantries and their patrons to get access to fresh and local produce, and overall healthier choices.

When people sign up to plant an extra row, they will be provided with a garden kit (fabric garden, row marker, sticker and colorful tote bag), growing tips, activities, recipes, and other resources. Participation is open to all ages, and participants don't need to be 4-H members to sign up. Participation in this program is free.

More information about the program and how to register can be found here:
