

LEE ENERGY COMMITTEE MINUTES
September 28, 2022

Members present: Lou Grondin, Barb Wauchope, Mary Woodward

The minutes of the April 14 and April 22 minutes were approved.

The group voted

1) to request that \$250 of it's currently allocated budget funds be used to renew the committee's membership in Clean Energy NH

2) to recommend to the BOS that Erik Johnson's application to join the Energy Committee be approved

Updates on several ongoing items:

1) The Lee BOS is hoping to approve the solar installation contract with Revision at its September 29 meeting. The probable timing for the required Transfer Station's necessary electrical upgrade and the installation date timetable are not yet determined.

2) The Energy Committee is planning to contact relevant parties to discuss the possibility of a solar installation on Mast Way School.

3) The energy committee will be contacting local stores to ask for donations to a door prize for attendees at the October 25 Button Up presentation in Lee.

4) The committee discussed ideas for helping the Lee Library Board of Trustees to identify energy efficiency rebates available for their project.
