

Lee Energy Committee Meeting Minutes July 26, 2019

Members present: Lou Grondin, Barb Wauchope, Mary Woodward

The minutes of the May 7, 2019 meeting were approved.

Pending receipt of financial projections and payback analysis from Revision Energy, Lou will continue to work on details related to the potential savings and PPA context for a solar array to serve the PSC and Transfer Station buildings.

Mary will continue to compile analysis and a list of recommendations related to the PSC blower door test results for presentation to the Trustees of the Trust and the BOS.

The LEC has discussed the possibility of a small electric vehicle display at the Lee Fair with members of the Lee Fair Committee, and is waiting for feedback from that committee before proceeding with arrangements.
