

## **Lee Heritage Commission**

### **July 21, 2022**

**Present:** Pat Jenkins, Cord Blomquist, Denis Hambucken, Donna Eisenhard and Laura Gund.

**Minutes:** The minutes of April 21, 2022 were accepted as read.

**Membership:** Both Cord and Denis need to go to the Town Clerk's office to be sworn in.

**Rothwell Barn:** We have the sign all ready for the Rothwell Barn; however, it is not possible to contact the Rothwells.

**Bench:** The proposed bench, to be constructed out of Semiquincentennial lumber, has been delayed since the carpenter is unavailable at this time.

**Plumer Diaries:** Donna has completed transcription of another Diary. This is the 1908 diary of Walter B. Plumer, son of the author of earlier diaries.

**Former Bradshaw Barn:** At this time, we have a name to contact regarding pictures of the Bradshaw barns before they are taken down. However, we have been unable to reach anyone. We do know that the barn contractor will be taking one of the barns down and selling the lumber in hopes that it will be rebuilt. Katy Raynor is the new owner of this property.

**Parish House:** We have to find a use for the Parish House soon, so it doesn't deteriorate further. Some not-very-practical ideas have been suggested. One problem is that the house is very close to the line with the church and needs to be moved or the line needs to be changed. We had a long discussion about the house and its future. We will continue the discussion next month when hopefully more members will be present.

Next meeting will be August 18, 2022.
