OF

LAMPREY REGIONAL COOPERATIVE AGREEMENT

(FORMERLY KNOWN AS THE LAMPREY REGIONAL SOLID WASTE COOPERATIVE)

August 14, 1995

I, Edmund F. Jansen, Jr., the duly elected and acting Secretary of the Lamprey Regional Cooperative, formerly known as the Lamprey Regional Solid Waste Cooperative, on oath do hereby certify that this is a true and correct copy of the First Amendment and Restatement of the Lamprey Regional Cooperative Agreement, with Appendices A through I.

Edmund F. Jansen, Jr., Secretary
SUMMARY OF AMENDMENTS INCLUDED IN
AMENDMENT AND RESTATEMENT
OF
LAMPREY REGIONAL COOPERATIVE AGREEMENT
(FORMERLY KNOWN AS THE LAMPREY REGIONAL SOLID WASTE
COOPERATIVE)

This document (this "Summary") summarizes amendments made to the Original Cooperative Agreement of the Lamprey Regional Solid Waste Cooperative (dated May 24, 1978) as incorporated into the proposed Amendment and Restatement of Lamprey Regional Cooperative (hereinafter referred to as "LRC") Agreement.

1. Amendment to Agreement to admit the City of Somersworth as a full member, which amendment is dated February 27, 1981.

October 23, 1995

Re: Lamprey Regional Cooperative Amendment and Restatement

Dear Attorney Shannon:

As you know, RSA 53-A:3,V provides in part that "the attorney general shall approve any agreement submitted to him hereunder unless he shall find that it does not in substance meet the conditions set forth herein and shall detail in writing addressed to the governing bodies of the public agencies concerned the specific respects in which the proposed agreement substantially fails to meet the requirements of law." By letter dated October 6, 1995, you informed me that the members of the Lamprey Regional Cooperative have voted to amend and restate their Cooperative Agreement. You enclosed a copy of the Amendment and Restatement of the Lamprey Regional Cooperative dated August 14, 1995, formally submitting it for the review of the Attorney General pursuant to RSA 53-A:3,V. I have reviewed the Amendment and Restatement and approve it under the terms set forth in RSA 53-A:3,V.¹

If I may be of further assistance, please do not hesitate to contact me.

Very truly yours,

Steven M. Houran  
Associate Attorney General  
(603) 271-3679

SMH/sed
cc: Robert W. Varney, Commissioner, NHDES

¹ I note that, although there is authority granted the Cooperative at paragraph 1.4(o) to implement the responsibilities of the Members under RSA 149-M, there is no explicit reference, unless I missed it, to the solid waste district planning requirements set forth at RSA 149-M:18 at sec. I assume that these requirements will be addressed by the Cooperative in accordance with its RSA 149-M powers.
AMENDMENT AND RESTATEMENT
OF
LAMPREY REGIONAL COOPERATIVE AGREEMENT

THIS AMENDMENT AND RESTATEMENT (this "Amendment and Restatement"), made as of August 14, 1995, to that certain Lamprey Regional Solid Waste Cooperative (hereinafter referred to as "LRSWC") Agreement dated as of May 24, 1978 (the "Original Cooperative Agreement"), as amended to date, by and between the following New Hampshire Municipalities and State University:

Town of Barrington
Town of Durham
Town of Epping
Town of Greenland
Town of Lee
Town of Madbury
Town of Newfields
Town of Newington
Town of Newmarket
Town of Northwood
Town of Rollinsford
City of Somersworth
Town of Stratham
University of New Hampshire

(hereinafter, individually a "Member" and collectively the "Members").
Recitals

Each of the Members has duly voted, pursuant to the provisions of New Hampshire Revised Statutes Annotated ("RSA") Chapter 53-A entitled "Agreements Between Government Units" (hereinafter referred to as the "Act"), to accept the provisions of the Act and to establish the LRC in accordance with the Original Cooperative Agreement. The proceedings taken by the Members to adopt the Original Cooperative Agreement have been legalized, ratified, and confirmed by Chapter 261, 1988 Session Laws (the "Special Legislation").

Pursuant to Article XIV of the Original Cooperative Agreement, the Joint Board of the Cooperative (the "Joint Board") has voted to approve this Amendment and Restatement. This Amendment and Restatement incorporates:

(a) certain amendments to the Original Cooperative Agreement previously made by the Joint Board as of August 14, 1995;

(b) certain amendments to the Original Cooperative Agreement made in order to implement the amendments made pursuant to Article XIV of the Original Cooperative Agreement as the result of the enactment of the Special Legislation and to eliminate and clarify certain provisions of the Original Cooperative Agreement which are inconsistent with said amendments made by the Special Legislation; and

(c) certain amendments to the Original Cooperative Agreement:

1) remove certain provisions which are no longer applicable because of the successful formation of the Cooperative;

2) rename and modify the appendices to the Original Cooperative Agreement (and the references thereto in the Original Cooperative Agreement) to take into account the facilities which the Cooperative is authorized to establish, the Members of the Cooperative, and their
agreement to participate in such facilities as of the effective date of this Amendment and Restatement; and

(3) clarify the meaning and intent of certain of the provisions of the Original Cooperative Agreement.

NOW, THEREFORE, in consideration of the foregoing Recitals and the amendments of the Original Cooperative Agreement referred to herein, the Original Cooperative Agreement is hereby amended and restated to read as set forth below:

PREAMBLE

This Agreement establishes a regional refuse disposal cooperative to be named the "Lamprey Regional Cooperative" (LRC) established as provided in RSA Chapter 53-A. Subject to such changes as may be made in accordance with this Agreement, the Cooperative will be authorized to provide the following Facilities:

Waste to Energy (WTE);
Ash Landfill;
Transfer Station;
Hauling Services; and
Other facilities as may be approved at a later date.

The provisions of this Agreement are designed to protect the interests of all Members, be they large or small, and to provide flexibility in developing solutions to joint solid waste problems by means of one, or any combination of two or more Facilities.

Terms used in this Agreement shall, unless otherwise defined in this Agreement, have the meanings given them in Article XVI of this Agreement.
AMENDMENT TO AGREEMENT FOR FORMATION OF
LAMPREY REGIONAL COOPERATIVE

THIS AMENDMENT OF AGREEMENT is made as of the 14th day of August, 1995, by and among the municipalities executing this Amendment and Restatement (hereinafter, a municipality which is a party hereto is referred to as "Municipality" and all of the municipalities which are parties hereto are collectively referred to as the "Municipalities"). This Amendment and Restatement amends the Agreement for Formation of Lamprey Regional Solid Waste Cooperative (hereinafter "Agreement") as referred to below.

FACTUAL BACKGROUND

WHEREAS, the Municipalities are each members of the Lamprey Regional Solid Waste Cooperative, which was established on or about June 30, 1978 (the City of Somersworth joined the Cooperative on or about 2/27/81). This Cooperative was established under the provision of RSA 53-A, and is to expire by its own terms and by special legislation on November 30, 1995; and

WHEREAS, the Cooperative owns and operates an incinerator plant on the campus of the University of New Hampshire in Durham, New Hampshire. The heat generated from this incinerator is used to assist in heating University buildings pursuant to an agreement between the Cooperative and the University. Further, the Cooperative operates a facility for the disposal of ash generated by the incinerator at a landfill for the disposal of ash and wastewater treatment plant sludge located in the City of Somersworth pursuant to an agreement between the Cooperative and the City of Somersworth; and

WHEREAS, the agreement between the Cooperative and the University is due to expire on November 30, 1995. The agreement provides that upon expiration of the agreement, the incinerator operation must be terminated and the facility dismantled; and
WHEREAS, as a result of the operation of the Cooperative since 1978, and the involvement of the Municipalities therein, the Municipalities have certain financial responsibilities and other obligations remaining, as referred to in Sections 14.1 and 14.2 and Appendix A and B hereto, and will continue to have certain financial responsibilities and other obligations remaining thereafter as a result of the material deposited at the landfill in the City of Somersworth; and

WHEREAS, the Municipalities have determined that it is in their long term best interest to continue to provide for the disposal of solid waste generated within their respective territories, and thereby to promote the growth and prosperity of the Municipalities; and

WHEREAS, the Municipalities are committed to a comprehensive solid waste disposal program, recognizing the environmental and economic benefits of such a program; and

WHEREAS, toward this end, the Municipalities have studied the most feasible way to provide for such a program and have determined that a transfer facility owned and operated by the Cooperative would best serve the interests of the Municipalities; and

WHEREAS, the site for the transfer facility is in the process of being identified and selected; and

WHEREAS, the Municipalities have determined that their long range needs would best be served by a transfer facility designed to handle up to 31,000 tons or more of solid waste per year, depending upon the number of Municipalities contributing to the facility and the volume of their respective solid waste; and

WHEREAS, the Municipalities have also determined that, in order to make efficient use and to guarantee the financial success of the facility, it would be in their mutual interest to amend the existing Original Cooperative Agreement, as amended, as provided in Article XIV of the Original Cooperative Agreement; and
WHEREAS, the Municipalities intend to amend the Original Cooperative Agreement;

NOW THEREFORE, the Municipalities executing this Amendment and Restatement, for and in consideration of the mutual promises, representations, warranties, conditions, covenants, undertaking, and agreements set forth in this Amendment and Restatement, do hereby agree as follows:

the Cooperative may have against a Member under RSA Chapter 53-A or under the Cooperative Agreement).

(y) To create an operative reserve fund from any surplus remaining on hand at the end of any fiscal year; provided that the amount so transferred to said operative reserve fund for any such fiscal year shall be determined by a two-thirds (2/3) vote of the Total Votes by the Joint Board (as said terms are hereinafter defined);

1.5 **POWERS RELATING TO LONG TERM CONTRACTS.**

Pursuant to RSA 53-A, the Cooperative shall have the power to contract with any Person who owns or operates any Facility for the provision of Refuse disposal services for the Cooperative. Such a contract may be for any term of years, not in excess of twenty (20), may provide for the delivery of guaranteed amounts of Refuse with payments based on such amounts whether or not actually delivered or processed, and may contain such other terms and conditions as the Cooperative, acting through the Joint Board, may determine to be in the Cooperative's best interest.

1.6 **POWERS RELATING TO FACILITY FINANCING.**

Pursuant to RSA 53-A, in addition to debt incurred and bonds and notes issued pursuant to the Act and this Agreement, the Cooperative shall have the power to finance any Facility by the incurrence of debt and the issuance of bonds or notes secured by any assets or revenues, or both, of the Cooperative or the Facility, and in connection therewith may mortgage a Facility and grant security interests in such other assets or rights to receive money as the Joint Board may determine. Any such bonds or notes issued pursuant to this section may, but need not be, issued upon the full faith and credit of the Cooperative, provided that bonds or notes which are not the full faith and credit obligation of the Cooperative shall so state in a conspicuous manner on their face. ARTICLE VI
OBLIGATIONS OF MUNICIPALITIES

6.1 MEMBER GUARANTIES OF SOLID WASTE.
The Members agree that the success of the Cooperative and Facility(ies) depends upon the processing of certain minimum quantities of solid waste. If such minimum quantities are not processed by the Facility(ies), then the Cooperative will receive less revenue from its operations, and the Municipalities will experience much higher costs. Accordingly, each Active Member agrees, and does hereby guarantee to deliver annually to the respective Cooperative facility, the quantity of acceptable solid waste as committed each December as part of the operating budget. This quantity will be termed "minimum guaranteed quantity."

For purposes of this Agreement, the term "Total Guaranteed Minimum Quantity" shall mean the sum total of the Guaranteed Minimum Quantities for all Members.

6.2 MEMBERS FAILURE TO MEET GUARANTEED MINIMUM QUANTITY.
If any Member fails as required to deliver its Guaranteed Minimum Quantity in any calendar year, such Member shall pay to the Cooperative, when and on such terms and conditions as may be determined by the Joint Board, such Member's share of any shortfall in revenue which the Cooperative incurs for the calendar year. For this purpose, such Member's share of any such shortfall in revenue shall
be equal to the ratio which the shortfall in its Guaranteed Minimum Quantity bears to the total of all other Members' shortfalls for the year in question.

6.3 **TIPPING FEE: PRO RATA SHARES.**

(a) The Joint Board will establish a tipping fee in the annual operating budget. Such tipping fee will be determined by the total of facility operating and capital costs divided by the total guaranteed minimum quantity.

(b) Outside solid waste may be accepted as long as it is in the best interests of the Cooperative and approved by the Joint Board. For purposes of this Agreement, every reasonable attempt will be made to ensure the tipping fee charged for all "outside" solid waste accepted will be not less than that charged its members.

6.4 **BINDING NATURE OF THE AGREEMENT ON THE MEMBERS.**

Each Member agrees that it will:

(a) Be bound by the terms and conditions of this Agreement, the rules and regulations established thereunder, and the Member's share of the costs and fees incurred by the Cooperative pursuant thereto; and

(b) Promptly take all necessary actions to insure that the employees, agents, contractors, and others acting for or with such Member also comply therewith.

6.5 **ACCEPTABLE AND UNACCEPTABLE WASTE.**

(a) Each Member agrees to and shall comply with all federal, state and local laws, rules, regulations and orders governing the generation, storage, handling, transportation, treatment and disposal of all solid waste.
(b) Each Member agrees to control the flow of waste generated to guarantee and ensure that unacceptable waste, shall not be delivered to the facility unless arrangements have been made to provide for the disposal of such waste at the facility.

(c) Any Member causing to be delivered unacceptable waste (including but not limited to hazardous material) shall:

(1) Be responsible for removing all such waste from the facility and properly disposing of such waste at the Member's own cost and expense; and

(2) Indemnify the Cooperative and the other Members from and against any and all obligations incurred by the Cooperative or any other Member as a result of the delivery of such unacceptable waste.

6.6 **INDEMNITY.**

Each Member hereby agrees to indemnify and hold harmless the Cooperative, and its Members, from and against any and all claims, liabilities, losses, damages, costs or expenses, including, but not limited to, legal fees, incurred by the Cooperative or any other Member as a result of:

(a) Any failure by such Member to comply with the terms and conditions imposed on the Cooperative under this Agreement; and

(b) Any personal injury, including, but not limited to, bodily injury or death, or property damage suffered as a result of any act or omission of such Member or any of such Member's employees, agents or contractors.

NAME OF FACILITY: Waste to Energy Facility

PURPOSE OF FACILITY: To provide for the incineration of acceptable municipal solid waste and production of energy in the form of steam to be sold to the University of New Hampshire, thereby providing participating communities a safe, responsible and economical method of disposing of their MSW. The participating communities are all of the members of the Lamprey Regional Solid Waste Cooperative as of March 31, 1995. To the extent capacity exists at any time, the facility may accept MSW from their sources.
DESCRIPTION OF FACILITY: This facility consists of the building and equipment owned by the Cooperative and located at 1 Lamprey Way on land owned by the University of New Hampshire in Durham, NH. This facility was constructed and continued to be operated under provisions of the 1978 Agreement which formed the Cooperative plus recorded decisions of the Cooperative's Board of Directors from 1978 to April 1, 1995.

ACCEPTABLE WASTE: Accepted solid waste shall be that waste as determined by the Joint board or its duly authorized representative and permitted by State and Federal regulation. All other waste will be considered unacceptable.

COMMITMENT DATE: March 1978.

INITIAL OPERATIONAL DATE: November 15, 1980

EXPECTED YEARS OF OPERATION: Fifteen (15)

CAPITAL INVESTMENT: $2,420,000.00

ANNUAL OPERATING COSTS: $1,592,188.00

METHOD OF FINANCING: Bonded indebtedness plus prepayment of tipping fees by some member communities.

METHOD OF BILLING FOR SERVICES: As developed over the years of operation, the billings currently are in the form of tipping fees determined in total to equal the annual debt service/retirement and operating costs less other income as reflected in an annual budget adopted by the Board of Directors. The budget includes the costs of debt and operation associated with the Cooperative's Ash Landfill facility in Somersworth, NH until closure of the waste to energy facility. Special assessments are voted to cover cost of facility closure, future planning and revenue shortfall. Such special assessments are based upon share of annual tonnage for future planning and revenue shortfalls while share of total tonnage to date is the basis for closure assessments.

OBLIGATIONS OF MEMBER COMMUNITIES: This Annex and the basic Agreement of which it is a part are not intended to change or eliminate obligations previously taken by the Cooperative's members with respect to construction, operation and closure of the waste to energy facility. The original Agreement forming the Cooperative and recorded decisions of the Board of Directors are included herein by reference. The basis principles applied are that annual debt service/retirement and operating costs are obligations incurred based upon usage of the facility in the particular year while closure costs are obligations based upon usage (total tonnage delivered) or the facility over its full operational lifetime. Any net assets upon closure will be distributed to member communities based upon usage (total tonnage delivered) over the facility lifetime.

NAME OF FACILITY: Ash Landfill at Somersworth

PURPOSE OF FACILITY: To provide for disposal of incinerator ash generated by the Cooperative's waste to energy facility or from other acceptable sources as approved by the Joint Board and in a manner which complies with Federal and State laws, rules and regulations. If technology, economics and regulatory factors permit, this facility will provide for recovery of recyclable material from the ash.
DESCRIPTION OF FACILITY: A double lined containment with leachate collection system piped to the Somersworth Wastewater Treatment Facility. This containment is located on land owned by the City of Somersworth and is approved for disposal of incinerator ash when mixed with sludge from City of Somersworth's Wastewater Treatment Plant. Management is by Cooperative staff.

The Ash Landfill facility at Somersworth was constructed pursuant to a certain Agreement between the Lamprey Regional Solid Waste Cooperative and the City of Somersworth for the construction and operation of an Ash and Sludge Disposal Facility, which Agreement is dated the 22nd day of May 1987, and which Agreement sets forth the terms whereby the Cooperative and City of Somersworth built and agreed to operate the Ash Landfill facility, to include setting forth the rights and responsibilities of the parties to said Agreement.

ACCEPTABLE WASTE: Accepted solid waste shall be that waste as determined by the Joint Board or its duly authorized representative and permitted by State and Federal regulation. All other waste will be considered unacceptable.

INITIAL OPERATIONAL DATE: July 1989

EXPECTED YEARS OF OPERATION: 20.

CAPITAL INVESTMENT: $3,000,000.00

ANNUAL OPERATING COSTS AFTER CLOSURE: $23,000.00

METHOD OF FINANCING: Short term loan and bonded indebtedness owned by the Cooperative as a whole with debt service/retirement and operating costs until November 15, 1995 included in the determination of tipping fees to be charges for disposal at the waste to energy facility (Appendix A). Operation after November 15, 1995 to service other sources of ash and recover recyclable materials will be conducted only to the extent revenue will exceed costs with net excess revenues returned to the member communities in proportion to their share of the total tonnage processed through the waste to energy facility or is determined by the Members to be in its best interests. Upon closure, annual assessments will be charged against the member communities to fund the closure costs to include monitoring and laboratory tests as required by Federal and State laws, rules and regulations.

METHOD OF BILLING FOR SERVICES: Until November 15, 1995 there will be no separate billings for service of the facility. After November 15, 1995 assessments will be levied against the member communities that participated in use of the waste to energy facility to cover costs of closure and monitoring.
OBLIGATION OF MEMBER COMMUNITIES:

* Participation in the operation of the landfill until its closure.
* Participation in closure.
* Participation in long-term monitoring.

This Annex and the basic Agreement of which it is a part are not intended to change or eliminate obligations previously taken by the Cooperative’s members with respect to construction, operation and closure of the waste to energy facility. The original agreement forming the cooperative and recorded decisions of the Board of Directors are included herein by reference. NAME OF FACILITY: Lamprey Cooperative Transfer Facility

PURPOSE OF FACILITY: To achieve for the participating communities certain economics of scale made possible by combining municipal solid waste (MSW) in large loads for delivery to disposal facilities where commitments of large quantities may provide additional savings via advantageous rates for disposal.

DESCRIPTION OF FACILITY: This facility will consist of building(s) and equipment located upon or operated from land owned by the Lamprey Regional Solid Waste Cooperative. The building(s) and the equipment will provide for the management and operation of the functions of receiving, compacting, loading, and transporting to a final disposal site the acceptable MSW from participating communities and approved non-member sources. Management shall include the requisite contracting for services at the final disposal site which shall not be owned by the cooperative or considered a part of this facility.

ACCEPTABLE WASTE: Accepted solid waste shall be that waste as determined by the Joint Board or its duly authorized representative and permitted by State and Federal regulation. All other waste will be considered unacceptable.
COMMITMENT DATE: August 14, 1995

INITIAL OPERATION DATE: When construction completed

EXPECTED YEARS OF OPERATION: 15 years commencing upon completion of construction

EXPECTED INVESTMENT: $1.4 million

ANNUAL OPERATING COSTS: $1,400,485.00

METHOD OF FINANCING: Engineering services to be paid for via a pro-rata assessment upon the participating communities with the sum of such assessments subsequently included within the total amount for acquisition/construction; which total amount will be obtained via bonded indebtedness. The initial assessment amounts will then be considered a prepayment of tipping fees and constitute the initial operating funds required until regular tipping fees are billed and paid by the participating communities.

METHOD OF BILLING FOR SERVICES: A budget will be developed annually to establish a tipping fee per ton of MSW which will produce expected annual income equal to the total of annual debt/service/retirement, operating costs and share of land and management costs. Any shortfall due to unforeseen circumstances not reflected in the budget calculations shall be assessed at the end of the year against each of the participating communities on a pro-rata basis determined by the communities’ share of the total MSW tonnage processed by the facility during the year.

OBLIGATIONS OF MEMBER COMMUNITIES: In addition to the basic obligations of membership in the Lamprey Regional Solid Waste Cooperative as enumerated in the basis agreement, the communities participating in this facility will be further obligated as follows:

1) To deliver MSW in an amount equal to or exceeding that agreed in the annual budget adoption or pay the total amount of tipping fees corresponding to that agreed amount of MSW.

2) To pay assessments which may be voted to cover shortfalls as described earlier.

3) To be liable for its pro-rata share of the facility indebtedness in accordance with its share of the initial subscribed capacity of the facility unless all or a portion of its share is assumed by others through increased usage of the facility or additional communities joining use of the facility.

*The pro-rata capital contributions of the municipalities of Strafford, Epping, and Rollinsford have been determined as follows:

The solid waste generated by Strafford, Epping, and Rollinsford in the year 1977 has been estimated by employing the same method used by Camp, Dresser and McKee, Inc. to estimate the solid waste generated by the municipalities listed on page 9 of said Final Report. The resulting estimates were divided by the total estimate for the municipalities listed on page 9 of said Final Report (385 tons per week). These percentages were multiplied by the figure of $2,420,000 to
arrive at the respective pro-rata capital contribution of Strafford and Rollinsford.

C. In the event the Cooperative is established by the process contained in Article III, Paragraph D, the capital cost for the solid waste disposal and energy recovery facility, including equipment, construction, engineering and startup expense, plus ten percent (10%) allowance for overrun shall be apportioned as follows:

For those municipalities approving this Agreement at the 1978 annual meeting, the joint board shall determine the solid waste generated by said municipalities in 1977 by using the Camp, Dresser and McKee, Inc. figures set out on page 9 of said Final Report. For those municipalities adopting this Agreement between the 1978 annual meeting and July 1, 1978, the joint board shall determine the solid waste generated by said municipalities for the year 1977 by employing the same method of estimation used by Camp, Dresser and McKee, Inc. in said Final Report.

The resulting figures shall be divided by the total figure for all the municipalities approving this Agreement. The estimated percent of solid waste generated by each municipality shall be multiplied by the figure of $2,420,000. The resulting figures shall be the capital contribution of each municipality for the initial year.
CAPITAL COST continued

In the event the solid waste generated by any municipality in the first full year exceeds or is less than the amount estimated by either Camp, Dresser and McKee, Inc. or the joint board for the year 1977, there shall be no reapportionment of the capital contribution of any municipality made during the first year of operation of the facility.

ARTICLE VII

COST OF OPERATION

A. The term "net cost of operation" or "net operating cost" shall mean all costs and expenses of the Cooperative relating to the operation and maintenance of the solid waste disposal and energy recovery facility, including without limitation, all costs of accepting, processing, storing and disposing of waste, labor, utilities and all costs associated with spare parts, equipment, insurance, maintenance of equipment and facilities, cleaning services, general outside accounting service, consulting services and legal services, and all costs and expenses relating to the payment of any bond or indebtedness, including principal, interest and bonding charges, whether incurred by the Cooperative or by one municipality or two or more municipalities for the benefit of the Cooperative, minus any revenues received by the Cooperative in exchange for the sale of energy or from the sale of by-products recovered from the processing of said waste.

Provided, further, that the costs incurred by the individual
COST OF OPERATION continued

municipalities for transporting solid waste to the solid waste disposal and energy recovery facility shall not be considered in determining the net operating cost.

B. The net cost of operating said facility for the first year shall be apportioned as follows:

*The pro-rata contribution of the municipalities of Strafford, Rollinsford, and Epping to the "net cost of operation" of the Cooperative for the first year has been determined as follows:

The solid waste generated by Strafford, Rollinsford, and Epping (Art. VI-C) in the year 1977 has been estimated by employing the same method used by Camp, Dresser and McKee, Inc. to estimate the solid waste generated by the municipalities listed on page 9 of said Final Report. The resulting estimates were divided by the

COST OF OPERATION continued

total estimate for the municipalities listed on page 9 of
said Final Report (385 tons per week). These percentages
shall be the pro-rata contributions of the municipalities
of Strafford and Rollinsford toward the net operating cost
of the facility for the first year of operation.

C. The net cost of operating the solid waste disposal
and energy recovery facility during the following years shall
be computed as follows:

The joint board shall determine the solid waste actually
processed for each municipality in the preceding year from
records maintained at the facility. The resulting figures
shall be divided by the whole figure of solid waste generated
by all the municipalities. This percent of solid waste gen-
erated by each municipality shall be multiplied by an estimate
of the net cost of operation for the next year as determined
by the joint board.

The resulting figures shall be the mandatory annual oper-
alional fee for each municipality.

D. The success of the Cooperative is premised upon the
assumption that each municipality shall process a minimum per-
centage of the total solid waste processed at the facility
each year. The failure of the Cooperative to receive a guar-
anteed percentage from each municipality during the term of
this contract will result in a loss of revenue from the sale
of energy and by-products and will produce a corresponding
increase in the cost of operating the facility. Accordingly,
after the second full year of membership in the Cooperative,
COST OF OPERATION continued

each municipality approving this Agreement guarantees to process annually a minimum percentage of the entire solid waste processed at the facility which percentage shall equal the average of the percentages processed by it during the first and second years of membership.

In the event a municipality fails to process its guaranteed percentage of the total amount of solid waste processed at the facility, the joint board shall, nevertheless, assess said municipality its mandatory pro-rata operational fee based upon said guaranteed percentage.

Furthermore, the joint board shall be permitted to assign that portion of the guaranteed percentage which any municipality fails to meet, to a member of the Cooperative or to a non-member municipality upon such terms and conditions as the joint board deems advisable. Any solid waste collected and processed pursuant to such an assignment shall not be credited to the municipality which fails to meet its guaranteed percentage.

E. Each member of the Cooperative shall be guaranteed that during the term of this Agreement it shall be permitted to process a certain percentage of the total solid waste processed at the facility in any one year, which percentage shall at least be equal to the average of the percentage processed by it during the first and second years of membership in the Cooperative.

F. Notwithstanding any provisions in this Agreement, the Cooperative may, by a two-thirds majority vote of the joint board, decide to adjust the relative pro-rata shares of the members in regard to initial capitalization, net operating fees
COST OF OPERATION continued
and guaranteed percentages.

ARTICLE VIII

OPERATING AGREEMENT

It is anticipated that the Cooperative may enter into an operating agreement with the University of New Hampshire for the operation and maintenance of the solid waste disposal and energy recovery facility. Each municipality joining the Cooperative agrees that it will be bound by the terms and provisions of the operating agreement relating to, but not necessarily limited to, such subjects as vehicular regulations, liability for processing of hazardous waste, hours of operation and health and safety regulations.

ARTICLE IX

REPARATION OF ANNUAL BUDGET

Each year the joint board shall determine the amounts necessary to be raised to maintain and operate the Cooperative during the next calendar year and the amounts required for payment of debt and interest incurred by the Cooperative that will be due in the next calendar year. The joint board shall prepare a budget and make a preliminary apportionment of the amount so determined among the member municipalities in accordance with the terms of this Agreement. Prior to December 31st the joint board shall hold at least one public hearing at some convenient place in the Cooperative on the amounts required in the budget and the preliminary apportionment of the amounts listed in the budget. At least seven days notice of the meeting shall be given by publication of the budget and
PREPARATION OF ANNUAL BUDGET continued
apportionment in a newspaper or newspapers of general circulation within the Cooperative and by posting a copy of the budget and apportionment in a public place in each municipality in the Cooperative.

After the hearing the joint board shall adopt a budget and make a final determination of the apportionment among the member municipalities. After the joint board has adopted the budget and determined the apportionment of the expenses, the Cooperative treasurer shall certify to the Boards of Selectmen of the member municipalities in the Cooperative the amount of money assessed each municipality. The selectmen of each municipality shall seasonably assess the taxes to be raised to pay the apportionments. The municipality treasurer shall pay to the Cooperative the amount so apportioned in quarterly installments each year.

The joint board shall cause a certified public accountant licensed to practice in either the State of New Hampshire or the Commonwealth of Massachusetts to conduct an annual audit of the accounts and records of the Cooperative.

ARTICLE X

ADMISSION OF NEW MEMBERS

After initial adoption of this Agreement, municipalities may be admitted to the Cooperative by a majority vote of the legislative body of the municipality seeking admission and upon
ADMISSION OF NEW MEMBERS continued

such terms and conditions as established by a majority vote of
the joint board of the Cooperative. New members shall agree
to all of the provisions of the Agreement and any amendments
thereof, and any other conditions of admittance imposed by the
joint board.

ARTICLE XI

DURATION OF AGREEMENT

This Agreement shall continue in force for a term of fif-
teen years. No municipality approving this Agreement may with-
draw from the Cooperative for any reason during the term of this
Agreement.

Each municipality approving this Agreement hereby agrees
to pay its full pro-rata share of net operating costs of the
cility as defined by Article VII hereof.

ARTICLE XII

BREACH OF AGREEMENT

A municipality shall be deemed to be in breach of this
Agreement if it fails to appropriate or make timely payment
of its share of capital cost and mandatory operating costs
or if it fails to perform or comply with any of the terms,
provisions, or conditions of this Agreement. The joint board
shall give a municipality written notice of specific acts or
omissions which constitute breach. The municipality so notified
shall have seven days to conform. If the municipality fails to
conform within the above mentioned time period, then the joint
board shall have the power to exclude the solid waste generated
BREACH OF AGREEMENT continued
by said municipality from processing at the solid waste disposal facility. No such exclusion shall render the Cooperative liable for damages or relieve the municipality deemed to be in breach from performance of its obligations hereunder and the Cooperative reserves the right to insist upon specific performance by the municipality deemed to be in breach of its obligations under this Agreement or to claim money damages. Any municipality found to be in breach of this Agreement by a court of law shall be responsible to the Cooperative for its reasonable attorney's fees and expenses incurred in respect to said breach.

ARTICLE XIII
DISTRIBUTION OF ASSETS
Assets of the Cooperative remaining at the time of termination of this Agreement shall be divided among the municipalities according to their proportionate payments or contributions to the capital construction and improvement of the Cooperative during the full term of this Agreement.

ARTICLE XIV
AMENDMENT
This Agreement may be amended only in the following manner:
The director representing any member municipality on the joint board may propose amendments. Any amendment must be the subject of at least one public hearing called in a convenient place within the Cooperative. At least seven days notice of the time, place and subject of the hearing shall be published in a
AMENDMENT continued

paper or papers of general circulation within the Cooperative
and posted in a public place in each member municipality. After
the hearing, the joint board may adopt the amendment and certify
it to the Board of Selectmen of each municipality. The adoption
of any amendment shall require approval by at least two-thirds
of the Boards of Selectmen of the member municipalities.

ARTICLE XI

SEPARABILITY

In case any one or more of the provisions contained in this
Agreement be invalid, illegal or unenforceable in any respect,
the validity, legality and enforceability of the remaining pro-
visions contained herein shall not in any way be affected or
impaired thereby.

IN WITNESS WHEREOF, the municipalities of Barrington, Durham,

Enclosure
AGREEMENT

WHEREAS, the municipalities of Barrington, Durham, Epping, Greenland, Lee, Madbury, Newfields, Newington, Newmarket, Northwood, Rollinsford, and Stratham have formed the Lamprey Regional Solid Waste Cooperative (hereinafter referred to as "the Cooperative") for the disposal of solid waste and the recovery and sale of energy; and

WHEREAS, the Joint Board of the Cooperative has, by majority vote, invited the City of Somersworth to become a full member of the Cooperative upon certain terms and conditions; and

WHEREAS, the Council of the City of Somersworth has voted to join the Cooperative upon said terms and conditions;

NOW, THEREFORE, the Cooperative and the City of Somersworth, for and in consideration of the mutual promises and agreements hereinafter stated and the performance thereof, do hereby promise and agree as follows:

1. Upon the execution of this agreement, the City of Somersworth shall become a full member of the Cooperative, subject to the terms and conditions hereinafter provided.

2. The pro rata capital contribution of the City of Somersworth shall be Seventy-Four Thousand Four Hundred Seventy Dollars ($74,470.00), which sum shall be paid to the Cooperative on or before April 15, 1981. Time is of the essence with respect to the performance of this obligation.

In the event the solid waste generated by the City of Somersworth prior to June 30, 1981, exceeds or is less than any amount estimated by either party prior to the execution of this agreement, there shall be no reapportionment of the capital contribution of the City of Somersworth, notwithstanding
any deviation from said estimates.

3. It is estimated that the tipping fees to be incurred by the City of Somersworth for the year ending December 31, 1981, shall amount to Fifty-Six Thousand Eight Hundred Forty-Five Dollars and Forty Cents ($56,845.40). However, the actual contribution of the City of Somersworth toward the net cost of operating the Cooperative shall be controlled by Article VII of the agreement for formation of Lamprey Regional Solid Waste Cooperative executed on or about June 30, 1978, by the original twelve member towns.

4. Upon the execution of this agreement, the City of Somersworth shall appoint a director to serve on the Joint Board until the next annual meeting of the Cooperative. Thereafter, the director representing the City of Somersworth on the Joint Board shall serve for individual terms of three years.

5. In executing this agreement, the City of Somersworth agrees to observe and be bound by all of the terms and conditions of the agreement for formation of Lamprey Regional Solid Waste Cooperative which was executed by the original twelve member towns on or about June 30, 1978, which agreement is incorporated by reference and made a part hereof as if specifically set forth herein. Furthermore, the City of Somersworth agrees to observe and be bound by all rules and regulations adopted by the Cooperative from the effective date of its formation until the date of the execution of this agreement.

It is specifically understood by the City of Somersworth that upon the execution of this agreement it may not withdraw from the Cooperative for any reason for a term of fifteen (15) years from the effective date of the
agreement for formation of Lamprey Regional Solid Waste Cooperative which was executed by the original twelve member towns on or about June 30, 1978.

Dated at Durham, New Hampshire, this 27\textsuperscript{1/2} day of February, 1981.

I. Whenever the district votes to raise money by taxation or otherwise for any of its purposes, the clerk shall, within 10 days thereafter, deliver a certified copy of such vote to the selectmen of each town which contains any part of the district and to the commissioner of revenue administration. Whether or not the district is situated wholly within one town, the selectmen of each town shall assess the tax on that part of the district lying within their own town and commit it to the collector of taxes from their own town. The collectors shall then collect the tax as required by law. The selectmen may make such assessments in the manner provided under RSA 76:4.

II. In the case of districts with annual budgets of less than $200,000, the town treasurer shall distribute the amount of taxes collected and held in trust by the town under paragraph I to the district treasurer no later than December 31 of each calendar year unless otherwise agreed to in writing by the town and district treasurers. In the case of districts with annual budgets of $200,000 or more, the town treasurer shall distribute the amount of taxes collected and held in trust by the town under paragraph I by distributing to the district treasurer all taxes collected in any given calendar month by the end of the next following month, unless otherwise agreed to in writing by the town and district treasurers. The town treasurer, furthermore, shall turn over to the district treasurer all interest earned on district tax revenues held in trust by the town and all interest collected by the town on the account of any delinquent district taxpayers' district taxes in the same manner as the tax revenues are distributed.

Municipal Corporations § 1008.

53-A:1 Purpose. It is the purpose of this chapter to permit municipalities and counties to make the most efficient use of their powers by enabling them to cooperate with other municipalities and counties on a basis of mutual advantage and thereby to provide services and facilities in a manner and pursuant to forms of governmental organization that will accord best with geographic, economic, population and other factors influencing the needs and development of local communities.

**HISTORY**

53-A:2 Public Agency Defined. For the purposes of this chapter, the term “public agency” shall mean any political subdivision of this state or of any adjoining state and any quasi-municipal corporation, including but not limited to school districts, village districts and special districts.

**HISTORY**

53-A:3 Joint Exercise of Powers. Any power or powers, privileges or authority exercised or capable of exercise by a public agency of this state may be exercised jointly with any other public agency of this state.

I. Any 2 or more public agencies may enter into agreements with one another for joint or cooperative action pursuant to this chapter. Appropriate action by ordinance, resolution or other action pursuant to law of the governing bodies of the participating public agencies shall be necessary before any such agreement may enter into force.

II. Any such agreement shall specify the following:

(a) Its duration;

(b) The precise organization, composition and nature of any separate legal or administrative entity created thereby together with the powers delegated thereto, provided such entity may be legally created;

(c) Its purpose;

(d) The manner and conditions of financing the joint or cooperative undertaking and of establishing and maintaining a budget therefor;

(e) The method to be employed in accomplishing the partial or complete termination of the agreement and for disposing of property upon such termination;

(f) Any other necessary and proper matters.

III. In the event that the agreement does not establish a separate legal entity to conduct the joint or cooperative undertaking, the agreement shall, in addition to items enumerated in paragraph II, contain the following:

(a) Provision for an administrator or a joint board responsible for administering the joint or cooperative undertaking. In the case of a joint board all public agencies party to the agreement shall be represented.

(b) The manner of acquiring, holding and disposing of real and personal property used in the joint or cooperative undertaking.

IV. No agreement made pursuant to this chapter shall relieve any public agency of any obligation or responsibility imposed upon it by law except to the extent of actual and timely performance thereof by a joint board or other legal or administrative entity created by an agreement made hereunder. Said performance may be offered in satisfaction of the obligation or responsibility.

V. Every agreement made hereunder shall, prior to and as a condition precedent to its entry into force, be submitted to the attorney general who shall determine whether the agreement is in proper form and compatible with the laws of this state. The attorney general shall approve any agreement submitted to him hereunder unless he shall find that it does not in substance meet the conditions set forth herein and shall return the writing addressed to the governing bodies of the public agencies concerned the specific respects in which the proposed agreement substantially fails to meet the requirements of law. Failure to disapprove an agreement submitted hereunder within 30 days of its submission shall constitute approval thereof.

**HISTORY**

53-A:4 Filing of Agreement. Any agreement made hereunder shall be filed with the secretary of state and shall be recorded by the clerk of the county in which the county having the principal office of the public agency or agencies has its principal office. A copy of any agreement so filed and recorded shall be entered in the books of the public agency creating the agreement.

**HISTORY**

53-A:5 Severability. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, such invalidity shall not affect other provisions or applications of this chapter which can be given effect without the invalid provision or application, and to this end the provisions of this chapter are severable.

**HISTORY**

53-A:6 Approval by State Officers. Any agreement made hereunder shall be approved by the governor and the secretary of state before it becomes effective.

**HISTORY**

53-A:7 Former Districts Unaffected. This chapter shall not affect the powers and duties of any school district, village district, school board, city council or other public body or person created by law prior to July 1, 1977, which is not a party to an agreement made hereunder.
